# SmartSignage PRODUCT BROCHURE

Fanless Digital Signage Player with Intel® Celeron® 4-core Processor J1900

**Part number:** EBC-3311

## Features

- Fanless digital signage solution
- Low power consumption
- Supports Intel® Celeron® 4-core Processor J1900
- Supports DDR3L SO-DIMM 1333MHz (max up to 8Gb)
- 1 x High Definition video output and 1 x VGA (or 2 x High Definition video output)
- 1 x mSATA
- Supports VESA Mount

## Cost-Effective Fanless Digital Signage Player

The SmartSignage is a cost-effective fanless digital signage player designed in a portable, compact size.
It offers an efficient and economical solution for dual multimedia playback in shopping malls, corporate settings, educational purposes, bank reporting, retail store displays, restaurant displays and more.

Powered by onboard Intel® Celeron® Quad-core processor, the J1900, features both low power consumption and excellent performance while being cost effective and compact.

## Compact Design With Ultra-Fine Audio/Video Quality

With its exceedingly compact design, it is very easy to install in the most-confined commercial areas such as hallways or elevators in order to satisfy your requirements and offers a visual friendly experience. Especially for digital signage market, the SmartSignage also features Audio Video Bridging (AVB) function, which means that the audio and video signals can be transferred in no time at the superb quality through a high-speed Ethernet connection.
